2

Launching Global Infrastructure Connectivity Alliance

a) The Alliance aims to enhance the synergy and cooperation among various infrastructure connectivity programs in a holistic way

b) The World Bank serves as the secretariat of the Alliance

c) The World Bank will work with the GIH, OECD, other MDBs, and interested G20 members to support the Alliance's activities

3

Exploring diversified financial instruments and catalyzing private investment or Infrastructure

a) Utilize market-based instruments such as listed stocks and bonds

b) Explore multi-partite cooperation models

c) Enhance private sector participation

China's G20 Presidency

——What to Do Next

Continuity

China will support German Presidency's work, and keep the momentum.

Implementation

China will push forward the materialization of the outcomes achieved over the Chinese presidency.

Some Thoughts

Some Thoughts

1

China has made great efforts over its G20 presidency.

2

MDBs' convening power in promoting infrastructure investment.

3

As a new MDB, the AIIB will scale up its investment and influence in infrastructure connectivity.

THANK YOU!
